SOLUTIONS FOR THE MODERN BUSINESS

Maryland-based GTB is one of the state's first facility-based providers of telecommunications services. From voice lines and phone systems, to Email, network security and Internet connections, GTB has solutions for small and mid-size businesses seeking affordable, reliable and state-of-the-art telecommunications services.

GTB serves the Maryland, Virginia and D.C. marketplaces. We are fully committed to each customer. Because we're local, we meet with you personally to customize your service and ensure that your current and future needs are met with solutions perfectly suited to your operations. Additionally, GTB's dedicated customer care representatives are available to assist you with any service-related needs.

INNOVATIVE

Today's technology provides functionalities not available in previous years. GTB utilizes these innovations to bring our customers high quality telecom services that are rich with robust features, high data speeds, and superior voice quality. GTB will also de-mystify today's technical jargon, allowing you to simply sit back and enjoy telecom that works.

RELIABLE

GTB has been a leader in Maryland's telecom arena since 1992. We serve thousands of customers ranging from small home-based businesses to large medical facilities. Endorsements from many business associations and affinity groups underscore GTB's commitment to providing unparalleled service to our valued customers.

AFFORDABLE

GTB customers enjoy savings of up to 50 percent in comparison to their previous telecom providers. By deploying today's innovative technologies, GTB is able to reduce expenses and pass these savings on to our customers. In addition, our voice and data packages are custom designed based on your needs so that you are only paying for services that are necessary. Of course, we are always available to suggest ways of enhancing your telecom services to keep in-step with your growing business needs and new technologies.

WHAT OUR CUSTOMERS SAY...
